Pillow Academy

69601 Hwy. 82 W
Greenwood, MS 38930

RenWeb - Click to Login to your account.

Pillow Academy uses RenWeb to manage our student information. It allows our teachers to keep parents up to date with grades, homework, and attendance.

RenWeb allows online access to student information and allows online access to student information over a secure web connection. This program also allows our teachers to keep parents up to date with real time updates, including grades, attendance, and discipline. RenWeb is also a great place for our school and parents to communicate. The school calendar, homework assignments, announcements, lesson plans, grades, and attendance information are all available online through RenWeb.

Classrooms will take you to a screen with a list of your student(s) classes, simply click on the "Teacher's Web Page" button to view the web page with more information for that particular class. Classes will have homework calendars available, in addition to attendance, and behavior notices.

Gradebook Summary will display all classes for each student.

Progress Reports are available online anytime. They will also be emailed weekly to the email address used to login to RenWeb. If you have any questions or concerns about your child's progress report, please email your teacher or call the office to schedule a parent/teacher conference. Pillow Academy will no longer print progress reports. Each Sunday afternoon a link to your student's progress report will be emailed. You may print the progress report or report card from your computer at any time.

Student Schedules will take you to a screen with a list of your student(s), simply click on a name and the student's schedule will be displayed.

Report Cards are also available through RenWeb. At the end of each Nine-Week grading period, emails will be sent with a direct link to your student's report card.

Note: At brief intervals, RenWeb may unavailable. If this happens - please check back and use your Refresh button.
